Error description:

Repairs can only be carried out if you provide us with an accurate and understandable error description. After receipt of the goods, you will receive a confirmation by e-mail to the e-mail address you specified. Please let us know what fault has the unit. In the case of products which arrive to us without an exact and comprehensible description of the fault (for example "broken", "for repair", "no function" "guarantee"), we will send the goods unprocessed against a processing fee of Eur 60,50,- / 109,- plus shipping charges.

The preparation of inspection repairs is subject to a charge if the customer refuses to perform the repair. A check will be charged with up to Eur 60,50,- / 109,- plus shipping. If a repair is no longer economically viable or the repair costs are not economically viable, we will offer you a new device. In the case of a new order the processing fee of Eur 60,50,- / 109,-, plus shipping costs will be waived. If the repair is covered by warranty, no repair costs will be charged.
